They have moved the "thank-you" week events from March to the week of April 9th. The association is working to have a statewide proclamation signed by Gov. Kasich, secure funding for insulated mugs (200 per county) with the message "Bringing help, bringing HOPE." Nicholl also reported that some of the federal CUREs dollars went to establish a statewide addiction hotline. Counties and communities have concerns, as many feel 	<p>Treatment and Recovery Workgroup will work to get signed proclamations for these events from our county commissioners and local mayors.</p>
